

Compact active vented sub-woofer

Cod: SW118A

Overview

The SW Series is a range of sub-woofers designed to complement PROEL full-range passive or active speakers. The variety of size, power and SPL offered by the five SW models provides the perfect low extension solution for any speaker model available in the PROEL range. All the SW models feature large VC woofers and band-pass or vented design, which provide very 'punchy', dynamic lows together with an extended low frequency response. The CLASS H or CLASS D amplifier modules can generate a massive amount of continuous power in a compact and reliable package. All the modules include a STEREO pre-amp section, 24dB/oct. crossover filters with selectable frequency and PHASE reverse switch. The cabinets are built with 15/18mm plywood and feature 2 or 3 metal handles and sturdy 75mm wheels for an easy transport (except SW110)

- 18" woofer with 3" VC for a deep and extended response
- 1000 W peak power
- Light-weight 500 W continuous Class D amplifier with SMPS
- STEREO input, link and output
- 24 dB/oct. STEREO crossover filter with selectable frequency
- PHASE REVERSE switch
- SPL MAX 129 dB
- Frequency response 36 Hz - 140 Hz
- Passive version available (SW118P)
- Plywood cabinet with two metal handles and four 75mm wheels

Technical Specifications

System type	Vented enclosure subwoofer
Loudspeaker	18" woofer with 3" VC

Amplifier Continuous Power	500 W
Frequency Response	36 Hz - 140 Hz
Max SPL	129 dB
Connectors	IN: 2 x NEUTRIK COMBO • OUT: 2 x NEUTRIK XLR-M • LINK: 2 x NEUTRIK XLR-M
Controls	Volume, GND lift • X-over Frequency, Phase
Power Supply	230 VAC or 120 VAC 50/60 Hz
Weight	35.5 kg (78.3 lb)
Cabinet	15/18 mm plywood • Black anti-scratch paint • 1.5 mm metal grille • 2 x steel handles • 1 x pole holder • 4 x 75 mm wheels
Dimensions (W x H x D)	520 x 660 x 640 mm
